Reading questionnaire

Dear Parents/Carers,

We have recently been developing a new reading area within school. This will be an area actively used by all children where they can relax and unwind with a good book. We have been fortunate to receive a large quantity of brand new, recent and varied reading books for children of all ages in school through the Bookmark Reading charity.

To enhance this area further and to make the reading area even more immersive and inspiring, we will be transforming the surrounding walls into all things books! We would love to hear the views of your children on their favourite books and authors so that the walls are fully inspired by the pupils of Edgewood Primary School for years to come.

We would really appreciate it if you could complete the following short (4 question) reading survey with your child(ren) at your earliest convenience!

Many Thanks,

Miss Hislop
